

Case Study - Health Care

Tees Valley Hospital, Acklam

Project Specifications

Product Specified: NSA290
NSL26

Colour Specified: Mill Aluminium
Black

Sector: Health Care

Project Description

The Tees Valley Hospital located on Church Lane in Acklam, Middlesbrough has used the Genesis NSL26 with a black insert for its staircase leading from the ground floor to the upper. The NSL26 is a slimline rakeback nosing that provides an excellent level of anti slip which is the perfect choice for a health care unit.

The NSA stair edge trims have been used in conjunction with the NSL26 and they finish the staircase off perfectly by providing protection for the step ends whilst remaining aesthetically pleasing.
