

## Case Study - Hospitality

### The Gresham Hotel, Leicester

#### Project Specifications

Product Specified: NHD & TVA

Colour Specified: 16 Black & 81 Matt Silver

Sector: Hospitality

#### Project Description

Amazing work on the former Fenwick department store is near completion!

Nearly £17 million has been spent transforming it into a hotel – including a restaurant, gym, and shop units.

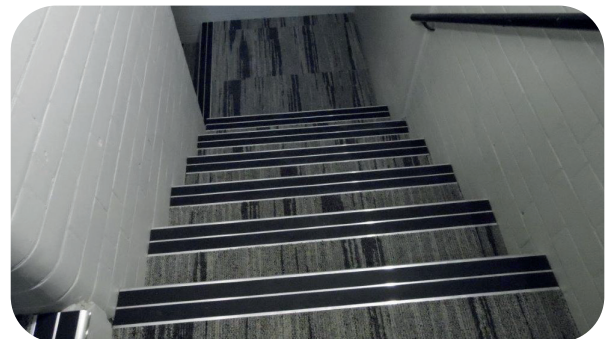

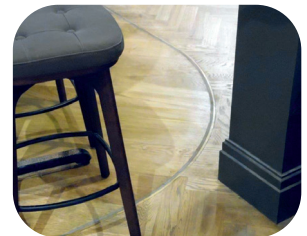

The Grade II listed building will be known as The Gresham Hotel.

On this project, Genesis supplied two main product groups. Aluminum retro-fit vinyl reducer and NHD stair nosing's!

Correct stair nosing's are essential for preventing slips and falls.

TVA aluminum profiles are perfect to provide the best neat transition from two-floor covers.

The Genesis stair nosing was essential to prevent slips and falls with medium to high-level foot traffic at all times.
