

Case Study - Commercial

Aston Crean Pembroke Row

Project Specifications

Product Specified: NTC12

Colour Specified: White

Sector: Commercial

Project Description

Pembroke row in Dublin is a new development consisting of the construction of new buildings for business use.

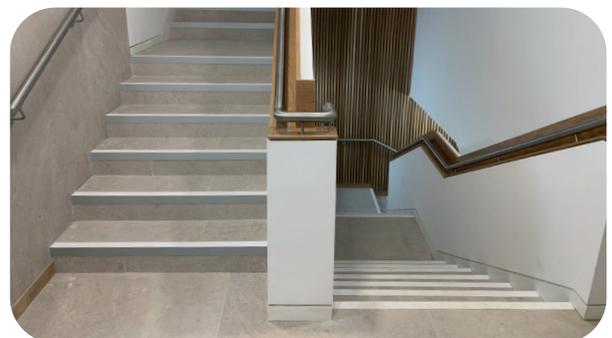

Designed by Henry J Lyons, 6 Pembroke Row extends to approx 27,577 sq ft with floor plates ranging from 3,057 sq ft - 5,382 sq ft over 6 floors. It delivers a bright and flexible work environment, suitable for single-let and multi-let occupancy.

It includes 6 story over a single level basement building.

Genesis NTC12.01 was installed to accommodate a flush finish between Porcelain tiles and the step edge with a white insert to achieve a LRV variance of 30 points.

Project credit - Paddy Doyle / Aston Crean

Distributor - Kennedy Flooring
