

# Mini Cordless Angle Grinder

The perfect combination of high performance, portability, and stability.

With high-efficiency power, easy handling, high intensity stable operation, long lasting durability, precise cutting and grinding, flexibility and ease of use it is the ideal grinding tool for professional artisans.

## Specification

Torque: 531.8 g.cm  
Rotational speed: 19,500 r/min  
Input power: 129W  
Output power: 89W  
Energy efficiency conversion rate: 69.3%  
Voltage: 12V  
Spindle: M5  
Max. cutting depth: 15mm  
Grinding wheel cover: Diameter 87mm  
Grinding disc diameter: 76mm  
Charger: 100-240V~50/60Hz input, 12.6V /1.5A output  
Weight: 0.56kg

## What's included

- 2.5Ah lithium battery
- Lithium battery charger
- One Allen wrench
- BIHUI 76mm diamond saw blade
- Tool bag
