

Angle Grinder & Blades

- 5" Variable Speed Angle Grinder with TPR handle.
- With constant speed soft start.
- Featured with polishing, drilling and grinding function.
- Professional quality for trade.

Specification

Voltage: 230 V AC
Power: 1200 W
Rotational speed: 3000-11000rpm
Weight: 2.1kg
Guaranteed sound power: 102 dB (A)
Vibrations, max.: 6.3 m/s²
Insulation class: Class II
Enclosure class: IP20
Guaranteed sound power LWA: 95 dB (A)
Measured sound pressure LPA: 84 dB (A)

Blades

BU-DCBN115 Super thin 115mm turbo diamond blade, Wet & Dry 22.23mm Bore 1.2mm Blade thickness, 9mm Diamond Tip, For cutting porcelain, ceramic, granite, stone, marble

BU-DCDA115 B-master diamond cutting blade, wet and dry 22.23mm Bore 55mm reinforced core, 1.2mm Blade thickness, 10mm Diamond Tip, For cutting porcelain, ceramic tiles

BU-DCDC115 B-mosaic diamond cutting blade, WET cutting 22.23mm Bore 1.6 Thickness, 10mm Diamond Tip, especially mosaic, glass and stone mosaic tiles WET ONLY

BU-DCDM115 B-speedy diamond cutting blade, wet and dry 22.23mm Bore 55mm reinforced core, 1.4mm Blade thickness, 10mm Diamond Tip, especially hard tiles, porcelain and ceramic tiles

BU-DCDS115 B-slim diamond cutting blade, wet and dry 22.23mm Bore 70mm reinforced core, 1.0mm Blade thickness, 7mm Diamond Tip, especially slim slab, porcelain and ceramic tiles

BU-DCDT115 B-turbo 115mm Diamond Blade, Wet & Dry 22.23mm Bore 55mm Reinforced Core, 1.6mm Blade Thickness, 7mm Diamond Tip, For cutting especially hard tiles, marble and slim slab

BU-DCDW115 B-magic diamond cutting blade, wet and dry 22.23mm Bore 55mm reinforced core, 1.4mm Blade thickness, 10mm Diamond Tip, especially porcelain and marble and slim slab
