

## Case Study - Entertainment

### Gulbenkian Theatre, Kent University

#### Project Specifications

Product Specified: NHP.16

Colour Specified: Ice Grey

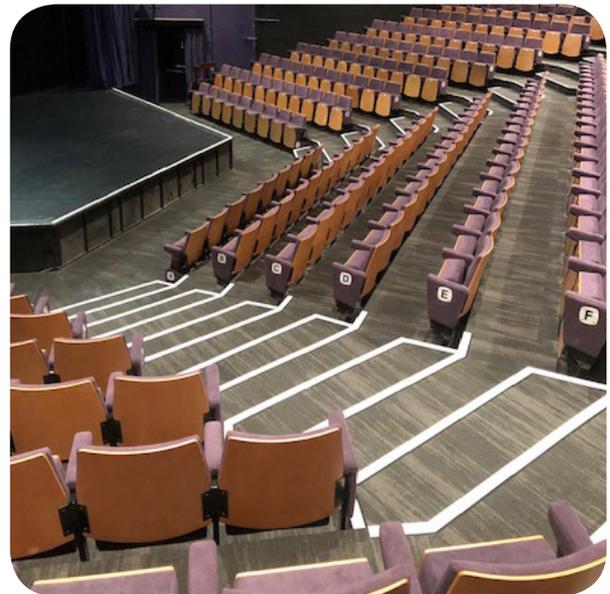

Sector: Entertainment

#### Project Description

The Gulbenkian theatre houses a 340 seat theatre, 300 seat cinema and a café which incorporates an informal cabaret style space for live music, comedy and slam poetry. There's over 1,000 events including music, comedy, theatre, dance and film per year, enjoyed by more than 100,000 people. The arts centre attracts a range of conferences and events to Kent such as BBC Question Time.

The theatre required a hard wearing stair nosing that was easy to see whilst not looking out of place in order to minimise the risk of slips and falls in the theatre stair wells.

Enter the heavy duty hard nose PVC NHP profile - Designed to be used in most commercial and domestic applications, the rear of the profile tapers to 3mm offering greater installation opportunities.
